

September 20, 2015:

As most everybody here knows, the Pope is in the process of a trip to the United States that will culminate in a private meeting with the White House, and address to the Congress, and an address at the U.N.

Yesterday morning, I was awakened with an understanding that this trip was significant. I knew I was to look a bit deeper and see what turned up. For the record, this is mostly as advertised. It is a publicity trip on the surface. That is just the surface however.

It is reported that the primary subject of the Papal address to the U.N. will be the environment and global slavery. The first issues is troubling for a host of reasons. Here is why.

Environmental change requires economic change. Economic change requires functional change. The Vatican has massive resources to effect such economic change on a global scale. It has the ability to move the economies of smaller nations, which in turn moves the economies of larger nations through trade. Stated differently, if smaller nations will not buy the goods of larger nations due to “environmentally harmful business practices”, the larger nations will have no choice but to capitulate.

Ironically, this is not the most troubling aspect of all of this. It’s that the Vatican will be involved in the forthcoming global economic machinery. They will personally tie their assets to moving a global environmental economic system forward into actual practice and operation. So, why is this troubling?

It means that the Vatican will be readily situated by the time these scriptures stand ready to come to pass:

Revelation 14:8-11 KJV - And there followed another angel, saying, Babylon is fallen, is fallen, that great city, because she made all nations drink of the wine of the wrath of her fornication.

9 And the third angel followed them, saying with a loud voice, If any man worship the beast and his image, and receive his mark in his forehead, or in his hand,

10 The same shall drink of the wine of the wrath of God, which is poured out without mixture into the cup of his indignation; and he shall be tormented with fire and brimstone in the presence of the holy angels, and in the presence of the Lamb:

11 And the smoke of their torment ascendeth up for ever and ever: and they have no rest day nor night, who worship the beast and his image, and whosoever receiveth the mark of his name. ~~

This is the point in the tribulation where the rubber meets the road. For the record, that is not when Babylon is destroyed. That is a common misconception. This is the point where Babylon is fully and finally fallen.

“Fallen” does not mean destroyed. It means fallen into the depths of desolation and depravity.

There are many that try to connect Babylon the Great to America. However, this premise always stems from a terrible and most human mistake. It looks at the events of the tribulation through current glasses, rather than through the actual pictures that the Bible gives to us.

There are many that cannot fathom that it is possible that America is not at the center of the world when the time of the tribulation comes. So, they then make a second mistake. They begin to look for “almost” fulfillments which ascribe what we see in Revelation 17 and 18 to the

United States. However, “almost’ fulfillments are not Biblical. Babylon the Great must meet all scriptural standards. The United States of America does not.

Remember, the world that emerges in the tribulation is a far different world than we see now. America is not mentioned in the Bible. It is not hinted at in the Bible. For all that the Unites States is today, it will be of no effect by the time the tribulation starts. This is due primarily to the absolute devastation that the rapture brings.

In the scriptures above, we see a new global economy of death emerge. After the Abomination of Desolation, it is the False Prophet that brings this system of death and sacrifice into existence, and he will do so in a matter of a few short months. In fact, the mark system will run for 1,150 of the 1,260 days of the Great Tribulation, or the second 42 months.

Remember, it is the False Prophet that makes this happen.

Revelation 11:13-18 KJV - And I beheld another beast coming up out of the earth; and he had two horns like a lamb, and he spake as a dragon.

12 And he exerciseth all the power of the first beast before him, and causeth the earth and them which dwell therein to worship the first beast, whose deadly wound was healed.

13 And he doeth great wonders, so that he maketh fire come down from heaven on the earth in the sight of men,

14 And deceiveth them that dwell on the earth by the means of those miracles which he had power to do in the sight of the beast; saying to them that dwell on the earth, that they should make an image to the beast, which had the wound by a sword, and did live.

15 And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed.

16 And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:

17 And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.

18 Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six. ~~

The system by which the False Prophet brings this economy to pass must be under his control alone. This rules out any nation. Also, for this economy of death to be effective and functioning for the bulk of the Great Tribulation, the pieces must be in place prior to the Abomination of Desolation.

For those that are familiar with my work on the coming desolation of the Temple, you will understand why there is a delay in the time from the decree to the actual sacrifices begin. It takes time to set up the physical facilities, and to collect the “sheep for the slaughter”.

It takes time to get the infrastructure in place to keep the blood and fires roaring once they start.

Aside from the preparations at the Temple, all other aspects of the coming death economy must be in place prior to mid-trib. Enter Pope Francis and his global environmental economy. What we are witnessing is the start of the coming Beast system, and it is being born before our very eyes.

That said, it is the second point in which I want to concentrate, as it is the issue that will open most doors if the reports are accurate. Global slavery is the Pope’s next pet project. So, are we talking about the global sex trade? How about the tens of thousands of captive children in the chains of ISIS and other Islamic extremists? Sadly, no. This is not what the Pope is addressing. He will certainly mention these tragedies as a cover for his true motives. However, there is but a single target for such rhetoric.

Israel.

This particular cause has at its heart the conflict between Israel and Islam. Notice I did not say Palestine. Certainly, the Palestinians will be the face of this “cause”. However, the real push is the surrender of Israel to Islam. Everything the Vatican does is to that end. Ironically, it is that very premise that eventually brings Ezekiel 38 and 39, and the invasion of Israel by the Antichrist.

These two issues are linked, and they can not be separated.

However, this is not the biggest takeaway from the Papal trip to America. It is not the address to Congress either. The Huffington Post lists the six takeaways from the coming address:

Welcome immigrants:

Battle economic inequality:

A just economy means strong families:

Protect the environment:

Fight partisanship:

Promote dialogue, not ideology:

OK - this list reads like the leftist wish list for the winter holiday formerly known as Christmas. However, when it is combined with what we already covered in the U.N. address, it makes what we will cover next all the more insidious. Indeed, the two addresses taken together reveal the birth of the tribulation world government system. You certainly do not need to be a Bible scholar to see it coming. Both addresses will compliment each other, though the greater danger comes in the U.N. address. That said, here is the most damning piece of the equation.

The private meeting in the White House between Pope Francis and President Obama.

There are no accidents. Everything is intentional, and has a purpose. Such is the case with the upcoming private meeting. It is no accident that this occurs first, before either of the two addresses.

When the Lord put this on my heart and soul, He emphasized the address to Congress, the private meeting, and the coming blood moon on Tabernacles. He emphasized that these three things are connected. I should say that they are.

For those that are not familiar with the signs in the heavens, the appearance of the blood moon in Jerusalem is always a prophetic sign. It is a sign of war and conflict for Israel. The appearance of a solar eclipse over Israel is a sign of war and conflict for the rest of the world.

When the solar eclipse occurs on Trumpets, and the Blood moon on Tabernacles - with these events sandwiched in between, it is a sign that the end times are upon us.

I have spoken before about the blood moons, and what they mean for the world. While it is beyond the scope of the article to go back and lay this out, the blood moons are the prophetic countdown clock for the start of the end times. Now, that does not mean that the tribulation starts on the 28th (it does not mean that it won't, either). What it means is that time is up.

The countdown is nearly finished. During this blood moon tetrad we have witnessed as the preparatory prophecies have come to pass. These are the prophecies which will allow the countdown to complete and the tribulation to ramp up. Here is what I mean.

In end times prophecy, the individual prophecies, or elements of the overall prophecies happen piece by piece. They are fulfilled, and stack up on top of each other. It is only when all the individual prophecies are fulfilled that the overall prophecy comes to pass.

Revelation 14:8-11 is a good example of this. The meaning of “fallen” is defined by the Bible itself. The description is complex, lengthy, takes time to come to pass, and has many individual elements. Each of these individual prophecies must come to pass before Babylon the Great can rise to become what the Bible tells us it will be.

That said, end times prophecy can be placed into three groups.

The countdown prophecies;

The process prophecies;

The completion prophecies;

The countdown prophecies are what we have been witnessing. These are the things that must be in place when the countdown hits zero. They must be in place so that the second group of prophecies can come to pass. These are the prophecies that bring the tribulation.

There is no indication in the Bible as to how long this phase will last. Also, as of now there is no clear cut indication as to which prophecies must occur prior to the tribulation, and which can come during the first three and a half years. The only indication we have currently is that stand alone prophecies (those which appear to have no connection to other events, such as Isaiah 17 & Psalms 83) do not require precipitating events, and as such can occur at any time. Stand alone prophecies do not require precipitating events. They are the precipitating events.

Once the process prophecies are complete, the completion prophecies can come. These are those things which come to pass in the first half of the tribulation.

The Papal visit is such an example. It is the things of the last year and a half which have opened the door to the things that the Vatican will soon be pushing. It is those things that will lay the groundwork for the events that happen in the first half of the tribulation. When these three groups of prophecies are complete, you get the Great Tribulation!

The blood moon tetrad was the countdown to the start of these things. We can think of it as the official start of the end times. It was the countdown to the point of no return on the things of the tribulation. It means that once the final seconds tick off the clock on the 23rd, everything will be in place for the player of the tribulation to assume their positions and work their plans. There can be no stopping the things that must now come. The final blood moon is the point of no return.

This brings us back to the most troubling part of the Papal visit - the private meeting in the White House.

When the Lord gave me the understanding of how all of this lays out, He emphasized a key point in connection with the blood moon - confirmation.

I have spoken before that the signs in the heavens always occur before and after the fact. They always serve as a warning or a confirmation. In this case we have both. The solar eclipse tells us that war and strife are brewing in the Gentile world. The blood moon confirms that this war and strife will spill over into Israel. Hardly a grand revelation, I know. But it still merits mentioning in light of what is occurring with the Pope.

Unfortunately, we will not know what transpires in the Oval Office during this meeting. It is telling that it is behind closed doors. Already, the theatrics have begun. We are being told that the Pope is offending by the inclusion of "a pro-choice nun, a transgender woman and an openly gay Episcopal bishop -- plus multiple gay activists who identify as Catholics, according to Breitbart".

The picture here, along with the rest of the trip, is downright astounding.

Here is what we have on tap:

A secret meeting at the White House between the Pope many believe to be the False Prophet and the man that sits in the pole position to eventually become the Antichrist, if not at least laying the groundwork.

This meeting will have prominent members of the LGBT community in attendance.

This is the same bucket of sin that brought the destruction of Sodom.

There is will no public accountability for what is discussed or agreed to.

This secret meeting occurs in the midst of the Feast Days of Israel, after the appearance of a solar eclipse in Israel.

It will occur on the Feast of Atonement, which is the day that the judgment of God is set. There is no turning back after this day.

Barack Obama is staunchly pro-Islam, singlehandedly arming and advancing the anti-Israel agenda of the terrorists.

Pope Francis is staunchly anti-Israel, singlehandedly spearheading the effort to divide the land of Israel, and set a rogue terrorist nation into place in the Holiest city on earth.

This meeting alone represents the three single greatest issues of judgment that the Bible tells us would come in the last days - the rise of Sodom, the fall of Israel and the building of the Beast Kingdom.

From here, the show moves the Congress, where a two pronged assault upon the world will begin. That address will fire the first shots in the form of the six issues we have already covered.

These six issues will then open the door for the address at the U.N., which will then become the starting pistol shot for the first pieces of the process prophecies.

This triple assault will close with the fourth blood moon of the tetrad - the only one of the four visible over Israel.

This blood moon will be the confirmation that the agenda secured during this secret meeting will be the event that sealed the world's fate.

That is where we stand now.

In the name of our most blessed Lord and Savior, Jesus Christ.
